Piece

The product codes are compatible with the following sizes PR01.KA.01 36&39 / PR01.KA.02 39&42 / PR01.KA.03 42&45.

CARBON FOOT PLATE PR01.K4. Size (14-30 R/L)

Recommended for all sole plate applications due to its thickness and flexibility.

The product codes are compatible with the following sizes PR01.K4.01 14&17 / PR01.K4.02 18&21 / PR01.K4.03 22&25 / PR01.K4.04 26&30.

CHOPART PR01.K1. (Size 16 & 30 R/L)

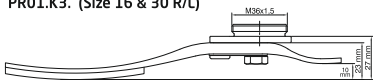

The product is fastened using acrylic resin making it suitable for Chopart's amputations.

CHOPART PLUS PR01.K7. (Size 16 & 30 R/L)

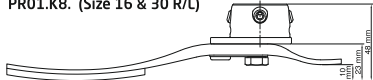

Due to its special coupling system that ensures the connection to the lamination adapter and its rotation feature, the product is specially recommendable in Chopart's amputations.

SYM PR01.K3. (Size 16 & 30 R/L)

Due to its special coupling system that ensures the connection to the lamination adapter and its rotation feature, the product is specially recommendable to Syme's amputees.

SYM PLUS PR01.K8. (Size 16 & 30 R/L)

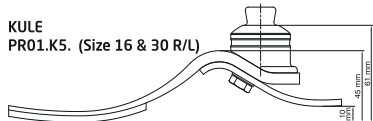

Due to its static alignment properties and 10° internal and external rotation features, the product is recommendable to Syme's amputees.

rapidwalk PR01.K9 (Size 22&30)

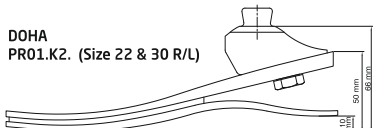

Its special design makes it suitable for active users.

KULE PR01.K5. (Size 16 & 30 R/L)

Its special design and adjustable features make it suitable for all age groups and amputation levels.

DOHA PR01.K2. (Size 22 & 30 R/L)

Its constructed sole plate and upper attachment point make the product suitable for very active and heavy patients.

---	---------------------------	---	---	-------

Weight Absorber Head

Softening quality while transition of patient's weight to the system

Smart Air Transfer

Easy air transfer inside the socket

Socket Connection Adapter

Easy adaptation to 180° rotatable socket

AIRFEED Connection Adapter

180° rotatable fittings part

Practical Setup

Easy assemble input - output system

PR09.AV
